INVITATION

2. International Home Race Cup (HRC) 2018/19)

We like to invite all shooters from every nation to the HRC 2018/19.

The competition will run from November 2018 until February 2019 at the local shooting ranges of every shooter. Therefore all costs can be cut down to a minimum.

All results will be updated periodically on the website <https://www.hrc.patrickmoor.at/>

Due to random result checks every shooter has to keep their original results until the Competition is finished.

It is possible to shoot on manual paper ranges and automatically working electronic ranges.

IMPORTANT: This year will be shot with decimals

For electronic ranges:

You have to check your competition in one hour prior on the Internet (<https://www.hrc.patrickmoor.at/>). The most important things for the evaluations are date and starting time of your competition. **Look in your Account**

For manual paper ranges:

You have to mention every serial number of the paper targets for every month and every competition at the registration.

Air Rifle Target: 1 shot per target

Air Pistol Target: 2 shots per target

Competitions:

- BM-S60, Standing free Men 60 shots (Air Rifle Target)
